LONG RANGE PROGRAM
ON PLAYGROUND HAILED

A veteran council leader and all five members of the Pottstown Recreation commission last night vehemently denied "unfounded" charges the borough has a "white elephant" on its hands at Adams and Beech streets, former junk lot.

The tract, condemned and purchased from its owner, John Balogh, 323 Chestnut street, was designated by council as a playground area to augment the indoor facilities at Bethany Recreation center.

J. Wayne Knause, seventh ward chairman of council's finance committee, asserted last night, "I'd like to correct an irresponsible and unfounded report that the borough has a 'white elephant' on its hands at Adams and Beech streets."

"The Recreation commission does not have funds to improve the lot this year. It will take time to carry out their plans. The deal was closed for purchase of the lot only a few months ago. The Recreation commission unanimously voted Monday night to include the lot in their long-range plans for the future."

J. Max Creswell, chairman of the commission, said, "I certainly don't know who put out that report, but it's entirely false."

"We want that lot for our long-range program. We've worked to

NEIGHBORS SET TO AIR VIOLATION

They'll Give Borough
Opinions on Otis
Zoning Case

Neighbors of Arthur J. Otis, 757 Walnut street, will tell a borough representative today what they think of the recent addition Otis built to his home.

The addition is in violation of a zoning exception, having been built too close to the property line.

Arthur S. Kepner, who discovered the violation about a month ago, will talk to the neighbors today, he said last night.

He will be following the recommendation of council's building committee, which heard testimony on the violation by both Otis and Kepner, at a meeting in borough hall on Monday night.

THE COMMITTEE decided at the meeting to get the opinions of the neighbors and also of the builder of the cement block, two-story addition before deciding what penalty to impose for the violation.

Borough Manager Horace B. Guldin, who attended the meeting, said last night that he had sent an inquiry to the builder by mail.

Otis had identified the builder

Showers to Rustle 'Good Sleeping' Air

"Twas a fine night for sleeping, may well sum up Pottstown's feelings weather-wise for the past few days.

With temperatures in the a. m., dipping to the middle 50's and a breeze rustling the curtains of open bedroom windows, the borough seemed to be enjoying weather reserved for the mountains or shore areas.

Showers and thunderstorms predicted for today will substitute for yesterday's clear, warm skies.

Tomorrow should be generally fair, the Weather Bureau says.

THE WEATHER

For Eastern Pennsylvania: Today, rather cloudy with showers and scattered thunderstorms and high around 80. Cooler tonight. Tomorrow, generally fair.

Ground Broken for New Store

Roger S. Firestone, president of Firestone Plastics company, turns the first spadeful of earth for the new Firestone store. The store, on the southwest corner of East High street and Firestone boulevard is expected to be completed in about five months. Firestone executives at the scene are, left to right, Frank Campbell, manager of the Philadelphia district; Ross Fleming, manager of the Reading store, and Joseph Guthrie, manager of the Pottstown store.

11 Take Part in Brief Ceremonies At Site of Planned Firestone Store

Eleven Firestone officials and guests took part yesterday morning in brief ground-breaking ceremonies for the new Firestone store on the southwest corner of East High street and Firestone boulevard.

ON HAND were E. T. Handley, plant manager; Frank Campbell, manager of Firestone's Philadelphia district (and his little grandson, Stephen Trotter); Marvin Pricher, manager of Firestone's Philadelphia store.

Also, William Hepburn, manager of Firestone's truck tire sales in Philadelphia; Ross Fleming, manager of the firm's Reading store; Joseph Guthrie, manager of its Pottstown store; Warren B. Zern, general contractor on the job, and Donald Maurer, Zern's superintendent.

The store, with over 9000 square feet of floor area and a glass front, is expected to be completed in about five months.

The official first shovel of earth was turned by Roger S. Firestone, president of Firestone Plastics company.

Following the ground-breaking, the party had dinner in the plant

Planes Will Bombard Schuylkill Canal With Anti-Mosquito Spray

Don't be alarmed if you see airplanes skimming the top of the Schuylkill river like sea gulls this summer.

The State Health department in Harrisburg announced yesterday that the planes will spray more than 75 miles of abandoned right-of-way of the old Schuylkill canal this summer with anti-mosquito material.

Between the borough's own fog machine and the State planes, the buzzing mosquito population doesn't stand a chance, or at least it'll be a good test of their hardiness.

The canal will be sprayed four times, the State Health department said, between Hamburg, Berks county, and Norristown.

AMONG THE municipalities that will be affected are Pottstown, Hamburg, Shoemakersville, Leesport, Reading, Wyomissing, Birdsboro, Spring City, Royersford, Phoenixville, Bridgeport and Norristown.

The sprays, which the department said do not injure fish, beneficial insects or vegetation, will be made between June 22 and 30, July 13 and 18, the first week in August and just before Labor Day.

Cost of the project has been set at about \$20 per mile, and will be paid for by the State Forests and Waters department.

WOMAN BEATEN AT SEASHORE RETURNS HOME

Local Resident Tells
Of Robbery While
On Holiday

A Pottstown woman went to Atlantic City for a short vacation the past weekend only to return with bruises of the body, \$20 less in her pocketbook and a tale of a brutal robbery that resulted in the arrests of two youths after a dramatic police chase.

The woman, Mrs. Estella Huzzard, 35, 833 Cross street, carried the marks of her "holiday weekend" even yesterday as she was back in Pottstown.

A bowling enthusiast, the housewife went to Atlantic City Friday afternoon with a party of four other women from Reading, with whom Mrs. Huzzard bowls.

On Saturday night, the five walked along the boardwalk at the summer resort until about midnight. Then they took a trolley back to Virginia avenue and started walking toward their hotel.

SIMPSON QUILTS AS PARK CHIEF

Association Learns
Action Near on
Wall Damage

Ned O. Simpson, president of the Memorial Park association, resigned his position last night at a regular meeting of the association.

Simpson told the board of directors that he was submitting his resignation because of the pressure of other business.

Elected to fill the unexpired term—which will run until the coming October—was Carroll D. "Mush" Reichtel.

Simpson had been president of the group since the past November.

IN OTHER business, the group was told that a State representative from the Bureau of Waterways would be in Pottstown in the near future to look over the estimated \$3000 damage caused to the retaining wall at the park by the Memorial Day weekend floods.

The final report on the recent house-to-house fund drive conducted by the association showed that the drive netted about \$2500.

Leonard Koffer presided as temporary chairman at the meeting held in the Pottstown Automobile club headquarters.

\$1600 Loss Caused In Route 422 Crash

A 16-year-old Skippack boy and a Collegeville RD 2 mother and her 5-year-old son were injured in a two-car crash on Route 422 in Eagleville, it was reported yesterday by Jeffersonville State police.

Charles R. Hildebrand, Skippack, was driving west on Route 422, when the front of his late-model coupe collided with a sedan, driven by Kenneth G. Fulmer, Level road, Collegeville RD 2, that was making a turn off the highway.

The coupe had an estimated \$1000 damage; Fulmer's sedan, an estimated \$600.

Fulmer's wife, Mrs. Jeanne Fulmer, 25, had abrasions of the right knee and the head. Her son, Kenneth Jr., had cuts of the chin and scalp and an abrasion of the head. Both were treated in Montgomery hospital, Norristown, where they were taken by hospital ambulance.

Hildebrand had abrasions of the head, right knee and left hip. He was treated at the office of Dr. E. R. Place, Skippack. State Troopers Alfred Kissinger and John Lutz investigated. The accident occurred late Monday.

FURNITURE SHOP TO OPEN AT 451 HIGH STREET

Two veteran High street store managers have joined forces in forming a new furniture, appliance, and jewelry business in Pottstown.

Joseph Marion, 1409 Sunset drive, and David Merrin, 858 Feist avenue, announced yesterday they would open the Merrin Furniture company store in the near future at 451 High street.

Marion had been manager of Arnell Store incorporated, 261 High street. Merrin had been sales manager for Levitz Furniture company store, 212 High street.

The Merrin store will replace the United Furniture factory store at the 451 High street location. The new store's owners have taken over the lease from United's owner, Philip Kauffman, Reading. Owner of the building is Webster Canning, Pottstown druggist.

KAUFFMAN said the furniture in the High street store would be transferred to his main store in Reading, which he will continue to operate.

Kauffman opened the United Furniture store some eight months ago. It specialized in modern furniture. Before they open, Merrin and Marion said, they will remodel the store. They plan to expand it. At present, there are 7200 square feet of space in the first floor and basement, both of which they will use.

Merrin Furniture store will sell traditional and modern furniture, television, refrigerators, ranges and other appliances, jewelry, rugs and floor coverings.

The 45-year-old Marion was a (Continued on Page Seven)

Vacationing With Mercury Readers

By THE VACATION EDITOR
(Mercury Staff Writer)

Rosie Harlock crossed her long brown gams and gazed contentedly out to sea.

The sun was hot, the sky was clear and the water warm and calm.

Under her red and white beach umbrella she felt like a queen on the sand. To her right and to her left there were other dolls getting the sun of Atlantic City.

Rosie was on vacation and when Rosie got away from the typewriter at the Muncher Underwear factory she felt like a millionaire.

She knew she was one of most gorgeous decorations on the beach, and she liked to rub elbows with rich sunners from the big cities.

ROSIE abandoned all her chores on vacation. She aroused the ire of her friends because she never sent cards.

But then one day she sent a card to the Vacation Editor of the Muncher Gazette.

Her message was printed and Vacation Editor was a very happy and flattered fellow to receive a card from a girl so pretty as Rosie.

And like the Vacation Editor on the Muncher Gazette, The Mercury Vacation Editor is flattered every time a lovely (Continued on Page Seven)

Truck Snaps Pole

This electric pole on Water street just east of Washington street looks in a lot better shape than it really is. The truck snapped the pole off cleanly at the bottom. The wires are holding the rest of it up. Standing by the truck is Harry Wolf, Philadelphia Electric company foreman. The truck driver, Alexander Laws, escaped injury. The front of the truck, particularly the axle and wheels, were damaged heavily.

SCHOOL BOARDS MEET TO CHART JOINTURE PLAN

Northern Chester County
Officials Review
New Program

MEMBERS NAME OFFICERS, DISCUSS NEW METHODS

Members of eight Northern Chester county school boards last night forged the first link of the chain in a school jointure plan.

Eight school boards meeting in the North Coventry elementary school, named temporary officers, authorized each board to appoint one member to a steering committee and discussed ten-district jointure plan approved by the State Council of Education.

Chester county Superintendent of Schools Clyde T. Saylor reviewed the plan.

Several other jointure possibilities were discussed and board members generally approved the plan for a 7 to 12 grade jointure and with a possible 1 to 12 grade jointure at a later date.

ACTIVITIES SET AT PLAYGROUNDS

First Week Is Set Aside
As 'Get Acquainted'
Period

A list of the major activities planned for this Summer's schedule at Pottstown's playgrounds was announced yesterday by Florence Manthorne, director of playgrounds.

The week of June 29 will be called "Get Acquainted" week and will feature a treasure hunt at each playground site.

The activities of the following weeks will be as follows:

July 6, hobby day and flower show. These new features will be conducted at each individual play site.

Most Owners Hold 'Gas' Price Line After Refinery Increases

The outlook for a truce in Pottstown's "gas" war last night was as uncertain as chances for a truce in the bigger hot war in Korea.

Announced price increases earlier this week by both the Atlantic Refining company and Esso were not yet generally reflected in local gasoline prices.

The boosts did produce a few cracks, though, in the local low-price structure.

Whether this would snowball into a general increase in the area was impossible to tell.

MOST SERVICE STATION proprietors seemed to be playing a waiting game, one eye cocked at the opposition and cards held close to the vest.

Esso gasoline prices, first to be boosted by the refinery, showed more increases than the other gasolines with several local station operators raising the price in line with refinery increases.

Among those to follow up the refinery increases was Pete Pinder Jr., operator of a gasoline station on West High street, who was in the first wave of price-cutting in the flare-up early this year.

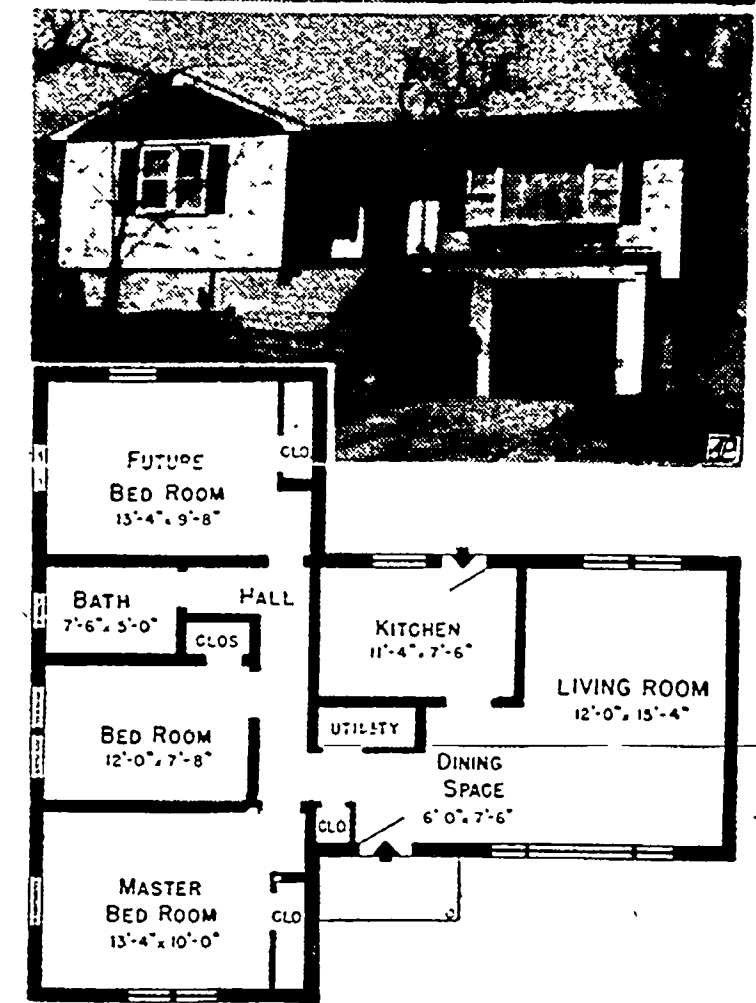

Regular "gas" there yesterday sold for 26.9 cents a gallon, a two-cent increase over prices at the beginning of the week. High test gasoline sold for 28.9 cents, a one-cent jump.

THESE PRICES reflected the (Continued on Page Three)

Peace Pact Ends Strike of Husbands

BIRMINGHAM, Ala., June 16 (AP)—A breakfast cooking and the street strike of the husbands in a residential area here ended today. Principal points in the agreement included: 1. Husbands shall not be required to mow the lawns on very hot days, but may wait for the cool of the evenings, or until the sun goes behind a cloud. 2. Men may go fishing as often as they wish, but wives may go with them provided they keep quiet. 3. Wives will resume buying from a grocer who had lost business because he painted the picket sign for Caldwell. 4. Wives will resume cooking breakfast and will cook late night meals for husbands who have to work late.

Under the agreement signed today, the husbands agreed to turn paychecks over to their wives, and the wives agreed to lessen household chores for husbands.

CALDWELL TORE up his picket sign, the wives said they'd resume.

Program to Be Held By Bible School at Evangelical Church

A program, concluding the Daily Vacation Bible school of Trinity Evangelical Congregational church, Boyertown, will be held on Sunday night at 7:30 o'clock in the church.

Theme of the program will be "Conquest" and will be in charge of the director, Mrs. Phillip Schultz, in the absence of the pastor, Rev. H. I. Carmichael, who is recuperating from an illness.

All departments of the Bible school will take part in the program and present group songs, memory work and special numbers. The art and hand work also will be on display. The public is invited to attend and view the exhibits at the close of the program.

The Bible school will sponsor a picnic for the boys and girls on the Washington school grounds on Friday from noon to 2 p. m.

Police Chief Extends Bicycle Tag Deadline

Boyertown Chief of Police Henry E. Groff announced last night that the deadline for the inspection and issuance of license tags to all borough bicycles has been extended until the end of the month.

Groff stated the extension was being made because of the large number of bicycles still to be inspected and the last minute rush for the tags and inspection.

Chief Groff pointed out however that if any bicycles have not been inspected and tagged after this month, the owner is subject to a fine or the impounding of the bicycle for a period of time.

Area Pupils Are Awarded Certificates In YMCA Sponsored Swim Program

Boys and girls from Boyertown and vicinity participated in the past week's Learn-to-Swim campaign sponsored by the Boyertown YMCA.

The campaign, conducted annually, was for the purpose of teaching all boys and girls between the ages of eight to 17 to swim. The boys were given instruction at the Reading YMCA pool while the girls were taught at the Pottstown YMCA pool. YMCA aquatic program methods were followed and standard YMCA aquatic awards were presented to those who successfully completed the various achievement tests.

Swimming instructions in Reading were given by James A. Carpusis and the instructor at Pottstown was Leonard Bernhart. Mrs. E. Kenneth Nyce accompanied the children to Pottstown and Reading. Transportation to both places was provided free of charge by the Boyertown YMCA movement. Calvin Rambo and Mrs. Lena Brumbach also accompanied the boys while another chaperon with the girls was Mrs. Lee Trumbore.

The following girls were enrolled in the course: Carolyn Conrad, Linda DeTurk, Kay Kirk, Suzanne Landis, Judy Maurey, Dianne Miller, Peggy Poetter, Sandra Stark, June Swenk, Beverly Trumbore, Betty Wren, Barbara Youse, Patricia Bayer, Margaret Fretz, Mary Harner, Josephine Hojceki, Janice Eddinger, Sarah Mercer, Virginia Bernhart, Martha Barr, Sandra Faut.

Churchill Sees Bomb As Defense Factor

LONDON, June 16 (AP) — Prime Minister Churchill told the House of Commons today America's atom bomb stockpile should be taken into consideration when assessing the strength of NATO forces in Europe.

Questioned by former laborite defense minister Emanuel Shinwell, Churchill said he is giving "urgent consideration" to the statement by Gen. Matthew Ridgway that European defenses are not strong enough yet to withstand a Russian attack.

Ridgway, NATO's retiring commander in chief, said in his annual report that a full scale Soviet attack would find the Allied command in Europe "critically weak" to accomplish its present mission.

"We must not judge the general position simply by the conditions on the Western front," Churchill said. "There is also the atomic bomb, in which the United States possesses an enormous advantage. That should be taken into consideration, too."

Some Strikes End, But Job at Hospital Here May Halt Soon

Carpenters went back to work on projects for nine independent contractors in the Philadelphia area yesterday but the situation at the Pottstown hospital building program has not been affected by the move.

The members of the United Brotherhood of Carpenters (AFL) who are doing the work on the new hospital addition at the local hospital, are still out on strike.

The carpenters' strike against 71 contractors affiliated with the General Building Contractors association continues.

However, the latest move the carpenters, in calling off a strike for the nine independent was encouraging news to officials of the Pottstown hospital.

A. C. Seawell, hospital administrator, said last night that "we hope the news means that all carpenters will be back to work soon. We're really enthused over it."

Seawell said last night that unless carpenters do go back on the job, all work on the new hospital will have to be stopped in about a week.

POPULATION RISES

PARIS, June 16 (AP) — The population of France has increased by 2,600,000 since the war, and at the start of 1953 there were 12,740,000 Frenchmen.

It is estimated that American fur farms produce 200,000 silver fox fur pelts a year.

He told members of the recently reactivated post about the founding members discussed plans for a of the Legion and of its early public dinner.

Car Leaves Road; Motorist Injured

The driver of an old sedan suffered injuries when the car ran off Route 29 between Palm and East Greenville at 11:30 o'clock Monday night.

George Ressler, Allentown, was admitted to Allentown General hospital, where he was taken by Upper Perkiomen Community ambulance.

He had been going north on the Highway when the sedan ran into a gulley. Its entire front end and under carriage were damaged. It was rated as a near total loss (\$150).

Jeffersonville State Troopers James Capparelli and Robert Muligan investigated.

Churchill Opposes Return of 'Stone'

LONDON, June 16 (AP)—Sir Winston Churchill is against giving up the Stone of Scone to Scotland. The Prime Minister told the House of Commons today:

"The coronation stone has been in Westminster abbey for over 650 years and that is its customary position."

He replied to the suggestion of an English member of Parliament that the stone be handed over to Scotland to soothe feelings of Scottish Nationalists who want it back.

Scottish kings were crowned on the stone in ancient times before it was seized as a trophy of war by an English king.

Ancient cities made extensive use of pipelines for water.

St. John's, Flagg Deadlock, 4-4

Flagg was stamping on St. John's fingers last night, trying to force Mit Leck's crew to release its grip on first place in the City Industrial league, but the stubborn Falcons held on.

At the end of nine innings the game was called due to a league ruling that prevents play past the ninth. The score was 4-4 after St. John's twice had come from behind to tie the count.

The Falcons are still on top with a 5-1 mark, a half game ahead of Amvets, 5-2. Flagg, an old hand at playing tie games this season, keeps its 3-2 mark.

A squeeze play executed by Joe Sendeck and Mike Leck brought home the fourth run for St. John's in the bottom half of the seventh. Smokey Gresh, the victim of the Fales' late uprisings, struck out Paul Neborak and Bill Ushar with bases loaded after Leck had scored. That killed St. John's last chance of pulling the game out of the fire.

Neborak relieved Mike Leck to open the eighth and blanked Flagg over the last two innings without a hit.

Flagg went out in front by scoring single runs in the second, third and fourth innings.

PAR Home Runs Beat Redbirds, 4-1, In City Softball

Homers by Ward Kramer and Bob Shaner got PAR winging to ward a 4-1 decision over the Redbirds last night in the City Softball league at Franklin field annex.

Kramer socked his in the first and Shaner, in the second—both with the bases empty—to give Bob Beckley all the runs he needed to notch the verdict on a five-hitter.

The Refinishers counted twice in the fourth to clinch matters against Frank Levensgood. They tallied those runs on Ev Fresse's single, an error and two ground-outs.

Pinch-hitter Mike Klaptosky chased in the losers' lone tally, in the seventh, singling across Harry Bartoli.

In each of the scoring innings, Flagg left two men on base.

Neborak, who started at first, moved to right field for a while and finished on the mound, gave St. John's its first run in the fourth on a home run to right center field. His liner rolled to the goal posts in deep right before it was recovered, and the relay home was much too late.

TIE JOHNNIE'S came on strong in the fifth as Clark Custer's two-run single to right brought home Mike Leck, who had walked, and Cannell, who had singled. That tied the count at 3-3.

Flagg wasted no time moving out in front again in the top of the sixth. Shellenberger rolled a double down the left field line and was moved to third on Fillman's second sacrifice.

Hook belted a long drive to left center, scoring Shellenberger, but Joe Sendeck's fast relay to second nabbed Hook trying to stretch his luck.

Gresh had all kinds of trouble in the last half of the seventh. He walked Mike Leck to open the frame. Cannell laid down a neat bunt and Gresh and Millard collided trying to field it. After striking out Luke Czarik, Gresh loaded the bases by walking Custer.

The Falcon board of strategy got together and decided to work the squeeze. Sendeck's bunt hugged the first base line, and when Gresh finally picked it up, everybody was safe.

Smokey then turned on the steam to strike out the final two hitters.

Kimberton Tops Knauertown, 5-0

Kimberton staked out a game and a half lead in the French Creek Valley circuit last night by bouncing Knauertown, 5-0, behind Al Ray's three-hitter on the victors' home lot.

The victory gave Kimberton an 8-1 league mark, with Knauertown next at 7-3.

Catcher Carey Atkinson led the winners' assault on losing right-hander Walt Garner with a double and a single for two RBIs. Dave Strook landed two of his team's hits off Ray, socking a double and single in three trips.

Biehl Pitches Emmanuel to 5-0 Win

Guerny Biehl was done in by the Dunn brothers last night in the Sunday School league as the St. Al's pair rapped the lone hits off Emmanuel's ace hurler in the latter's 5-0 victory at Memorial park.

Joe Dunn banged a single in the second and brother Dave, a seventh-inning single off Biehl, but the remainder of the Owl lineup failed to land a safety.

Biehl faced only 25 men—four over the minimum for a seven inning game—as he walked one and had another reach first on George Keller's error.

Meanwhile Emmanuel's bats were lapping for 11 hits off Mike Hegedus, the losing hurler.

Dick Hatfield, with a double and single, and Keller, with a brace of one-bag blows, paced the winners' attack.

USWA 2177 Tops URW 336 By 9-8 Score

USWA 2177 weathered a late tidal wave thrown up by URW 336 last night at Memorial park to register its first Junior baseball win of the season, by a 9-8 count.

URW, making a valiant bid to snatch the win, tallied four times in the bottom of the seventh, but fell a run short as winning pitcher Dick Weiss got the side out minus further mishap.

Frank Warsek bopped four singles to lead the winners' 10-hit attack. Dick Schaeffer's three doubles topped the Rubbermen.

Pottstown Legion Juniors Open With North Wales

The Pottstown American Legion Junior team gets away to its belated start tonight against North Wales at Franklin field.

The 6 o'clock game will be the first of the season for the Amole Post team with Coach Buck Rhoads again at the helm.

Rhoads has selected Don Steller as his starting mound choice. The young right hander has looked good in early workouts. His relief, if needed, will probably come from Lin Bieler, the tall right hander.

Steller's battery mate remains a question mark. Amole manager Ray Kepner is trying to obtain a release from the Roversford Legion on Bill Drauschak. His big bat could play an important role in Pottstown's success this season, but it won't be known until game time whether he can play.

RINGING HILL BEATS SANATOGA, 4-2, IN 8TH

Nels Weidenbaugh swatted clinging Sanatoga off Ringing Hill's hide last night in the eighth frame to give the league-leading Hillers a 4-2 win in the Suburban circuit at Sanatoga.

Weidenbaugh, who hurled an eight-inning for the victors, waited out a home run to deep center and on to break a 2-2 deadlock and send the Juniors down to their seventh defeat in ten starts. RH has won all but one of ten decisions.

Roversford dropped into a tie for second with Spring Mount as it lost, 6-3, to Gabelsville and the Mounts bottled Linfield, 9-3.

Sanatoga, with Clarence Albirtz chucking four-hit ball at the start. The hosts got to lefty Weidenbaugh to single runs in their first and second, only to have the Hillers battle back for like counts in the fifth and seventh before their pitcher's telling swat.

Ralph Kappenstein led the hitters with three hits, one a double. Tony Lucarelli bagged the only extra base blow for RH, a two-base blow, among the winners' six safeties.

THE HOST GABELS rocked Herb Carl for five second runs to even their season's log. Leon Prutzman's double, singles by Vic Prutzman and Joe Smith and errors on third sacker Russ Cauffman and centerfielder Paul Feairchler accounted for the winners' blast.

Paul Moatz shut out the 'Fords for six frames before they put together doubles by Cauffman, Bob Faust and singles by Charlie Miller, Lou Alexander and Feairchler for three tallies in the seventh.

It was Moatz' first pitching decision in the league. His strongest backing came from Dick Nester with a couple singles, and Leon Prutzman, who doubled twice.

Cauffman singled previous to his last-frame two-bagger and was the lone 'Ford to touch Moatz for more than one hit.

Spring Mount won its sixth in ten starts over the host Linfielders, who now have lost nine against a lone victory.

Walt Maute doubled twice and snared a single also to pace the winners' 11-hit attack. Bob Quinn, with a double and single, was top sticker for the Sports.

Big Fish Hooked

Arthur Kring, Pottstown RD 2 (Coventryville), hooked one of the largest fishes caught locally this Summer, last night, in the Perkiomen creek at Oaks.

Kring pulled out a 32-inch carp weighing almost 15 pounds about 7 p. m. The Coventryville angler and Paul Huns spent three hours from 6 to 9 fishing there in all.

The Philadelphia Athletics executed two triple steals against the Cleveland Indians on July 25, 1930.

Try and Stop Me

By BENNETT CERF

PESSIMISTS on the future of the U.S.A. are respectfully referred to these statistics:

Work-a-day 1900	1950
Week 60 Hours	40 Hours
National Income \$11½ Billion	\$210 Billion
Average Salary \$1,000	\$3,000
High School Enrollment 605,000	6,250,000
College and University 240,000	2,750,000

A motorist, driving through a desolate stretch of territory, pulled up at a ramshackle gas station, attended by a slovenly character. "Hey," called the motorist, "what do you call this miserable broken-down dump?" The yokel answered slowly, "That's near enough."

BRIGHTEN YOUR SMILE

Mr. Strange was an eccentric sort and during a serious siege of illness made his family promise to put on his monument when he died only these words: "Here Lies An Honest Man."

His wife protested, "But that won't tell who it is."

"Of course, it will," her husband insisted. "Everyone who passes it will stop, look and say 'That's Strange.'"

TRUCE TEAMS HOLD MEETING AMID SECRECY

Delegations Meet Briefly, Then Recess Subject To Call

MUNSAN, Wednesday, June 17 (AP)—Allied and Red truce delegations met briefly today for the first time in a week and then recessed subject to call by either side.

There was no announcement made of the subject of today's plenary session. The UN command had requested the meeting.

The Allied delegation could have carried to the Communists US Secretary of State John Foster Dulles' warning that the Chinese Eastern front drive had endangered the prospects for a quick armistice.

Or it could have sought a high-level decision on some technical point in the details of mapping a cease-fire line or exchanging prisoners of war.

LOWER LEVEL staff officers have been working out those matters for the past week. The group charting a cease-fire line met for more than 11 hours yesterday, the longest such session since the armistice negotiations started almost two years ago.

The two teams of staff officers met again immediately after the plenary session.

All sessions, both on the higher level of the truce teams and the lower level of staff officers, were secret, leaving outsiders to guess how close the two sides were to an agreement halting the bloody conflict.

But the prolonged meetings of staff officers carrying maps and the Red broadcasts from Peiping left little doubt that the main weight now is on establishing a truce line—the point of contact from which both sides are to pull back a mile and a quarter before a cease-fire.

ROK Troops Stop Chinese Red Drive; Counter-Attack Retakes Finger Ridge

SEOUL, Wednesday, June 17 (AP)—The great Chinese drive on the East-Central Korean front was checked today — temporarily at least—when dogged South Korean troops stormed back to the crest of Finger ridge.

The strategic ridge had fallen Tuesday to some 6000 Chinese in the night.

A RESPONSIBLE AMERICAN officer advising the Republic of Korea troops said he believed the Chinese were taking it easy for two reasons:

1. Allied air strikes have crippled them.
2. They need more time to move their men and equipment south and to organize.

Elsewhere on the East-Central front only probing attacks against ROK positions were reported. In one 15 mile sector the ROKs had been shoved back up to two miles by hordes of Chinese attacking in waves Sunday.

The ROKs established positions along a new line—north of the Pukhan river—Tuesday.

TODAY'S RECAPTURE of Finger ridge came but a few hours before truce negotiators met at Panmunjom to discuss an armistice.

There was still desultory rifle fire on parts of the hill mass. Fifty thousand rounds of artillery were fired.

Woman Risks Life In Rescue Attempt

BALTIMORE, June 16 (AP)—A 31-year-old auxiliary woman traffic officer dived under a big tractor truck today in an effort to save a 7-year-old school girl run over by the vehicle.

The rear wheels of the heavy trailer came to a stop just inches from Mrs. Mary Hoy, and the young girl, who was on her way to lunch.

Police found the woman clinging to Esther Wachsberg under the truck. The front wheels had passed over the girl's body.

Both were taken to a hospital, from which both sides are to pull back a mile and a quarter before a cease-fire.

Senator Calls on President to Act To Prevent Further 'Book Burning'

WASHINGTON, June 16 (AP)—Senator Hennings (D-Mo) called on President Eisenhower today to back up with action his speech criticizing "book burners"—a speech which Senator McCarran (D-Nev) attacked as "a pitiful thing."

Eisenhower spoke out against "the book burners" in addressing Dartmouth college students Sunday, and said "it is not America" if authors are denied the right to have their books "in places where they are accessible to others."

Hennings told the Senate today that the "current campaign to burn books is at present completely in the control of the Eisenhower Administration," and expressed hope it "will end this medieval exhibitionism with firmness and finality."

He obviously referred — as many thought Eisenhower did—to the demand by Senator McCarthy, acceded to by the State department, for removal from overseas information libraries of books by Communists and fellow travelers.

"ALL THE STATE department has to do is stop burning books," Hennings said.

But McCarthy told newsmen the President "couldn't very well have been referring to me. I have burned no books."

The Senator said he has read a text of the speech and "it's impossible to know to whom he was referring."

Marie to Attempt to Form Government Pakistan Wheat Bill Wins Senate Okay, Now Goes to House

PARIS, June 16 (AP)—Apparently political parties needed to form the same kind of centrist coalition that has been shakily governing France since the general elections in June, 1951.

Marie did not ask for support of the Communists. The Socialists refused their aid. But he had promised of solid backing from his own party, the Radical Socialists, substantial sections of the Independents, Peasants and several small parties, and groups that were elected with the backing of Gen. Charles De Gaulle.

When Marie asks the National Assembly for its approval Thursday, the Government crisis will be in its 28th day, a record for postwar France.

A veteran politician who first was elected a Deputy in 1928 and first served in a Cabinet position in 1933, Marie is known as strictly a middle of the road man.

A-SPIES' PLEA GREETED COLDLY BY EISENHOWER

Clergymen Find President Unreceptive to Clemency Request

WASHINGTON, June 16 (AP)—President Eisenhower reportedly indicated to a group of clemency-pleading clergymen today that he does not plan to commute the death sentence of US atomic spies Julius and Ethel Rosenberg.

"My feeling was that the answer was no," said Dr. Bernard Loomer, dean of the University of Chicago's school of religion, commenting on Eisenhower's reaction to a plea for commutation of the Rosenbergs' sentence to life imprisonment.

The President's reported stand against any last-minute White House intervention came a few hours after the Rosenbergs sent out a dramatic new appeal for clemency from the death house at Sing Sing prison.

Urging the President to spare their lives and "prevent a crime worse than murder," the condemned couple declared:

"THE GUILT, if we will be America's."

Undaunted by repeated setbacks, defense attorneys still clung to hope late today that Supreme Court Justice William O. Douglas might grant their plea for a stay of execution.

Douglas received defense lawyers in his chambers and heard their arguments. Legal experts agreed that although it would be highly unusual for a justice to grant a stay, after the full court had refused to do so, Douglas would be justified if he received new evidence warranting a hearing.

Flaming Gasoline Tanker Is Beached After Burning in Inlet for 16 Hours

VANCOUVER, B. C., June 16 (AP)—A burning, gasoline-laden tanker was beached this afternoon after menacing Vancouver's waterways like a sizzling keg of dynamite for 16 hours.

It still held the smoldering threat of a potential bomb blast, but marine officials expressed confidence the high octane gasoline cargo wouldn't explode now. The stricken ship was the

East Zone Marches With Red Coaching to Protest Speed-Up

BERLIN, June 16 (AP)—Under careful Communist coaching, five thousand East Berlin workers today marched on Red headquarters in the Soviet zone to protest speed-up decrees increasing their production quotas by 10 percent.

With an equally well-practised spontaneity, the Socialist Unity (Communist) party politburo immediately denounced the decrees and promised higher wages to "workers who have voluntarily increased their norms."

The fantastic "protest march" — apparently staged with the full co-operation of Red leaders — appeared carefully timed to keep Russia's drive to win public approval for unification of East and West Germany rolling at top speed.

Soviet High Commissioner Vladimir Semenov, meanwhile, was busy behind the scenes. He was reportedly working on a revival of two "middle-class" parties in East Germany, the Christian Democrats and Liberal Democrats.

Air Conditioning on wheels* comes of age!

Now you can have a car that's as comfortable on hot days as your air-conditioned home, office or favorite theater.

Now you can ride in draft-free coolness at the temperature level you choose—even when the outside reading is 110° and more.

Now you can take a full complement of passengers through the thick of traffic on a sweltering day—and each one of you will keep looking and feeling fresh as a daisy at dewtime.

Grilles in Buick's exclusive dual roof ducts insure draft-free distribution of conditioned air—and also provide individual control of air direction as desired.

Return air grilles on package shelf help maintain continuous circulation of conditioned, pollen-free air.

What's more, these exclusive roof ducts have individually controlled air directors above the side windows. So each window-seat passenger can guide a gentle breeze of conditioned air exactly where he wants it.

Of course, the Buick AIRCONDITIONER is automatic.

You switch it on, choose the temperature setting you want—and that level of coolness is maintained constantly. It thoroughly conditions the air around you—automatically. It carries off heat, stale air, tobacco smoke—automatically. It continuously introduces outside air into the system—automatically.

It's fast-acting, too. Even after an hour or more locked up under summer's hottest sun, the car interior can be brought to a delightfully cool comfort in a matter of minutes.

And it's really compact. The cooling unit itself fits neatly on a narrow shelf in the big trunk compartment—leaves plenty of room for luggage and the like.

Why not drop in on us and try a demonstration?

You'll find that the Buick AIRCONDITIONER with its exclusive dual roof ducts is the ultimate comfort in hot-climate driving.

*Buick Airconditioner available in 1953 Roadmaster and Super Riviera and Sedan models at extra cost.

Pirates, Cubs Divide Twin Bill; Lindell, Pollet Gain Victories

CHICAGO, June 16 (AP)—Howie the nod and the Pirates their seventh victory in 10 games against the Chicago Cubs, who were defeated 5-3 by the Pirates in a doubleheader. The former New York Yankee outfielder, upped to the sixth slot in Pittsburgh's batting order, scored twice and batted in one run in the seventh inning.

Pollet's victory was his second of the year and his first for Chicago since his acquisition from the Pirates.

Veteran Johnny Lindell limited the Cubs to five hits in the opener, while Pollet's victory was his second of the year and his first for Chicago since his acquisition from the Pirates.

Pittsburgh put three run rallies back to back in the fifth and sixth innings to give 36-year-old Lindell

The Cubs rocked Lindell for four runs in their half of the sixth. The rally was featured by Randy Jackson's three-run homer.

Ralph Kiner, obtained from the Pirates along with Pollet, failed to hit safely in his debut before Chicago fans. Kiner, however, drove in a pair of runs on infield outs to raise his RBI total to 42. Kiner collected one hit in the nightcap, in four trips.

Dec. Fondy's seventh homer, proved the deciding hit of the second game. Fondy delivered in the fourth after Hank Sauer drew a leadoff walk. Rookie catcher Pete Naton's passed ball figured in the production of the first Chicago counter in the second.

The game marked Naton's major league debut. The former Holy Cross University athlete was re-

cently signed to a Pittsburgh contract. The second of the Pirates' two runs in the sixth off Pollet was unearned due to shortstop Tommy Brown's fumble, the only one of the game.

The former New York Yankee outfielder, upped to the sixth slot in Pittsburgh's batting order, scored twice and batted in one run in the seventh inning.

Pollet's victory was his second of the year and his first for Chicago since his acquisition from the Pirates.

Veteran Johnny Lindell limited the Cubs to five hits in the opener, while Pollet's victory was his second of the year and his first for Chicago since his acquisition from the Pirates.

Pirates Ink Stanford Grad

PITTSBURGH, June 16 (AP)—The Pittsburgh Pirates signed catcher Jack Shephard, who hit .399 in 50 games for Stanford university, for an undisclosed sum today. Shephard, 21, of Fresno, Calif., will join the club in Chicago tomorrow. Branch Rickey Jr., vice president of the Pirates, liked Shephard's play in the recent college world series and brought him here to sign with the club.

Elliott, Fain Team To Bat White Sox To Win Over Sens

WASHINGTON, June 16 (AP)—Bob Elliott's tie-breaking single and Ferris Fain's three-run triple produced four runs in the eleventh inning to give the Chicago White Sox a 7-3 victory over Washington tonight. Billy Pierce won his eighth game in a relief role.

The Senators' Mickey Vernon blasted a home run with two out in the seventh inning off Harry Dorish to tie the score at 3-3 after the White Sox had moved in front, 3-2, in the seventh on doubles by Chico Carrasquel and Nelson Fox.

Elliott's single scored Carrasquel and Fain chased three more runs across with his booming triple to right-center.

Boone Helps Tigers Beat Red Sox With 3 Safeties

BOSTON, June 16 (AP)—Ray Boone, Gernert managed to take two bases on that misce and then made third when Drope made a wild throw. Hoelt had struck out Billy Goodman, the Boston lead-off man, and then he settled down and kept Gernert stranded by forcing George Kell and White to fly out.

Boone clinched the Tigers' victory, only their 14th in 55 starts this season, by blasting starter Sid Hudson with his fifth homer of the year in the seventh inning.

Southpaw Billy Hoelt kept eight Boston hits, including a Sammy White homer, fairly well scattered. Hoelt was in serious trouble only in the first inning, when Jim Pier-

sal tripled and scored after Walt Drope lost Dick Gernert's pop fly.

BOARD TO MEET ON RESIGNATION

Hospital Group Is Expected To Try To Persuade Seawell to Stay

A meeting between A. C. Seawell and a special committee of the board of trustees of Pottstown hospital will be arranged today.

Sam H. Keiser, secretary of the board, said the meeting would be made today to discuss the resignation that Seawell submitted at Monday night's meeting.

Seawell, administrator at the Pottstown hospital since October of 1946, stunned the trustees Monday night.

He said he was resigning in order to accept the post of administrator at the new three million dollar hospital at Butler.

The special committee, headed by Edward L. Gruber, director, is expected to try to persuade Seawell to change his mind about the resignation.

average increases for Esso gasoline.

Most Atlantic stations reported no change in prices, with operators still awaiting word from the refinery on the announced increase.

The company had announced a boost of six-tenths of a cent per gallon on both regular and Hi-Arc gasoline Tuesday.

There was one strong note sounded on holding the line at present prices.

Kenneth L. Buchert, operator of the Sanatoga garage, voiced determination to stick at his price of 23.9 cents per gallon.

Buchert, who spearheaded the price-slashing in January of this year, was the first to cut prices as far back as the past Summer.

For the present, he said, "I'm keeping my price right where it is now."

And for the future?

"Well, it all depends."

WARWICK AND ELVERSON districts decided to withhold a final decision until a careful study is made of the Morgantown area.

A new jointure possibility for the Morgantown area has been drafted by residents of the area. No official approval has been received.

The plan under consideration involves parts of Chester, Berks and Lancaster counties with Morgantown as its center.

Paul H. Grim, supervising principal of Norco; Charles H. Wise, supervising principal of Spring City, and Ray Woodland, supervising principal at East Coventry, spoke at the session.

The meeting adjourned at 11 o'clock.

of drunken driving. The charge of drunken driving is seldom used by borough police because of the fact that the borough has no police physician.

BEFORE a man can be arrested on the charge, he must be pronounced unfit for driving by a physician.

But since the last doctor resigned, more than four years ago, policemen are reluctant to make the charge since in most cases they are unable to get a doctor willing to make the examination.

In the past, police doctors have been paid \$5 a visit for their services and guaranteed a minimum of \$100 a year.

Kiwanis Club Hears Talk on Aviation

Fifty-eight members of the Pottstown Kiwanis club heard a talk on "comparative aviation" at their meeting last night in the Elks home.

Alexander Berger, president of Atlantic Aviation company, Boyertown, was the guest speaker.

He compared the aviation picture in Europe today with that of this country, adding a sketch of Pottstown's contribution to the industry.

Arthur Weitzenkorn was program chairman for the meeting and William D. Mower, president, was in charge of the business meeting.

Two Autos Damaged In High Street Crash

Two cars were damaged yesterday afternoon when they collided on High Street between Penn and Hanover streets.

The cars were operated by Elizabeth Weber, 710 Heckle avenue, Spring City, and Lewis Schlechter, 173 Clymer street, Reading.

The accident occurred at 2:35 p. m. when the Schlechter car slowed down to allow a parked car to pull away from the curb. The Weber car slammed into the rear of it.

The right front fender, head light, hood and door of the Weber car were damaged, and the rear fender, tail light and body of the Schlechter car were damaged. No one was injured.

BOROUGH TO LET ROAD CONTRACTS

Radio Ham Drops Query for Exception To Build Tower

A Pottstown radio ham last night proved he wants to get along with his neighbors.

Samuel A. Pickard, 863 Logan street, withdrew a request for the construction of a steel radio tower, when several neighbors protested at a hearing before the zoning board of adjustment.

The board of adjustment ruled it did not have the authority to decide on Pickard's request for a special exception.

The ham operator, however, decided to forget the tower when neighbors said the apparatus probably would interfere with their television reception.

George C. Peacock and William H. Yohn approved three other applications.

THESE ARE THE streets and sites where new streets will be constructed in this first phase of the \$100,000 program.

Franklin, from Prospect to Merivine; Wilson, from Washington to Franklin and from Spruce to Logan; Warren, from Wilson to Prospect; Brookside, from Kenneth to Virginia.

Kenneth, from Warren to Hale; Virginia, from Warren to Hale; Adams, from Wilson to Prospect; Park drive; Terrace lane.

Grace, from Franklin to Washington; Roland, from Beech to the Borough line; West King street, West of Gable.

THE WORK WILL be done on a one-third, two-thirds basis.

Property owners adjoining the new streets are expected to pay two-thirds of the work costs while the borough pays the remaining third.

In this way, if all property owners pay, the borough will be able to build \$300,000 worth of new streets on the \$100,000 bond issue.

Work on the streets is expected to begin about July 1, Borough Manager Horace B. Gulden said yesterday.

STRIKE CLOSES MINE CANONSBURG, June 16 (AP)—A strike of about 100 miners shut down today the Pittsburgh Coal company's Lindley mine near here.

THEY OKAYED the new elementary school building and adjoining playground at Walnut and Ryan streets in the Ninth ward.

Peacock explained, "This is a mere formality. We must grant the exception."

Yohn and Peacock voted to permit the construction of two apartments at Queen and Keim streets in the Sixth ward and after a brief visual inspection granted permission for the construction of a garage adjacent to a house at 1109 Cherry lane.

Borough Manager Horace B. Gulden and Building Inspector Arthur S. Kepner joined the two board members at the session.

Legion Elects Millard To Two Post Positions

Arlan W. Millard was elected to two offices on Monday at the election held by George A. Amole Post 47, American Legion—those of second vice commander and assistant chaplain.

The Mercury inadvertently reported that he had been elected secretary.

Robert Breidenbach was made first vice commander and Robert C. Weller, commander, at the election.

Radio Ham Drops Query for Exception To Build Tower

A Pottstown radio ham last night proved he wants to get along with his neighbors.

Samuel A. Pickard, 863 Logan street, withdrew a request for the construction of a steel radio tower, when several neighbors protested at a hearing before the zoning board of adjustment.

The board of adjustment ruled it did not have the authority to decide on Pickard's request for a special exception.

The ham operator, however, decided to forget the tower when neighbors said the apparatus probably would interfere with their television reception.

George C. Peacock and William H. Yohn approved three other applications.

THESE ARE THE streets and sites where new streets will be constructed in this first phase of the \$100,000 program.

Franklin, from Prospect to Merivine; Wilson, from Washington to Franklin and from Spruce to Logan; Warren, from Wilson to Prospect; Brookside, from Kenneth to Virginia.

Kenneth, from Warren to Hale; Virginia, from Warren to Hale; Adams, from Wilson to Prospect; Park drive; Terrace lane.

Grace, from Franklin to Washington; Roland, from Beech to the Borough line; West King street, West of Gable.

THE WORK WILL be done on a one-third, two-thirds basis.

Property owners adjoining the new streets are expected to pay two-thirds of the work costs while the borough pays the remaining third.

In this way, if all property owners pay, the borough will be able to build \$300,000 worth of new streets on the \$100,000 bond issue.

Work on the streets is expected to begin about July 1, Borough Manager Horace B. Gulden said yesterday.

STRIKE CLOSES MINE CANONSBURG, June 16 (AP)—A strike of about 100 miners shut down today the Pittsburgh Coal company's Lindley mine near here.

THEY OKAYED the new elementary school building and adjoining playground at Walnut and Ryan streets in the Ninth ward.

Peacock explained, "This is a mere formality. We must grant the exception."

Former OSS Agents Refuse Testimony Before Red Probers

WASHINGTON, June 16 (AP)—Three former employees of the Government's top wartime intelligence agency, refused today to say whether they are Communists. One also declined to testify whether he had anything to do with executive Americans during the Spanish Civil War.

The one-time employees of the Office of Strategic Services (OSS) were up for questioning before the Senate Internal Security subcommittee. The subcommittee is studying Red infiltration into the Government.

The witnesses, all from New York, were:

Milton Wolff, unemployed artist and national commander of the Veterans of the Abraham Lincoln Brigade, which fought against Generalissimo Franco in the Spanish War in the 1930's. It was Wolff who refused to say whether he had any part in the execution of Americans who joined the brigade and then refused to fight.

HELEN BARRET TENNEY, a faltering, weeping woman whom Elizabeth Bentley, once a courier for a wartime Soviet spy ring, has named as one of her contacts in OSS.

Irving Fajans, free lance writer. All three repeatedly balked at answering questions on grounds that answers might tend to incriminate them.

WEDNESDAY, JUNE 17, 1933

He that ruleth over men must be
just, ruling in the fear of God.
—11 Samuel 23:3,4.

Be Careful This Summer

JIMMY Plank is dead today.
Two days ago he was just like any
other 18-year-old boy. Full of life, well liked,
just graduated from high school, a wealth of
living ahead of him . . . on the brink of an
illustrious career.

Friday all that is mortal of Jimmy will
be borne to its final resting place. And an-
other star in the galaxy will go out.

For Jimmy drowned in Hopewell park,
a victim of — well, the coroner said his
death was accidental.

But what caused the accident?
It could have been one of a lot of
things that swimmers cannot be warned
about too often.

- Don't go in the water just after eating.
- Don't go swimming when tired or over-
heated.
- Don't go swimming just after an illness.
- Don't try to swim beyond your depth if
you can't swim.

It probably was the last mentioned that
played the role of death in Jimmy's tragic
ending.

It might have happened this way.
There was a line of buoys 200 feet from a
designated safe area.

"Last one to reach the buoys is a no-
good so-and-so!"

And they all swam for the goal.
And swam fast too, for nobody wants to
be a no-good so-and-so in the regard of his
pals and friends.

Suddenly Jimmy, who his father said
"could hardly swim at all," was splashing
wildly in the water. His pals tried to reach
him. They couldn't. Jimmy bobbed in the
water, then sank from sight.

This may not have been true in Jimmy's
case, but—

Pride goeth before a fall.
And even though Jimmy couldn't swim,
he was determined to keep up with the
gang at all costs. As it turned out, the cost
was pretty high. He paid with his life.

After death strikes and it is too late, it
all looks so foolish, so utterly ridiculous.
That's the sober and futile afterthought.
It's much better to be a no-good so-and-so
than to be dead. Swimmers should remem-
ber this when the gang dives into the water
and makes for distant point.

And parents would do well to remind
their children each time they go swimming
lest they forget and pay with their lives.

It's fun to have fun.
But remember there's tomorrow too, it'll
be great to be alive then and have fun again.

Quiet, Please!

A look at ye almanac discloses that offi-
cially Summer will arrive in all pomp
and glory over the coming week-end.

And with it will come warm weather and
open windows.

And with open windows comes that in-
evitable din and clatter from the neighbor-
hood, most especially radio jam sessions at
ungodly hours of the morning and pretty
nearly as bad the honk of the boy friend
in his hot rod special demanding the im-
mediate presence of his lady fair.

Not all are so fortunate as to have closed
windows and air conditioned bedrooms, and
this plea is beamed in behalf of those who
don't.

Would screeching night owls please not
be so screechy?

Please turn down the volume of your
radio after ten o'clock. Please don't ad-
vertise blaringly every time you have a
tryst with the girl friend. You may like to
romance, but, strange as it seems, there are
still those who like to sleep.

Knee-Hi Tonight

POTTSTOWN'S Knee-Hi baseball gets off to
a flying start tonight with two games
listed for Memorial Park.

The little fellows don't drive the ball as
fast as Mickey Mantle. And maybe they're
not quite so adept in those back-hand field-
ing flips that wind up with double plays.

But there's not a thing lacking in their
zeal and enthusiasm. It's youthful dash and
pepper that even the big leaguers can't com-
pete with.

Boost the Knee-Hi's. Go out and see 'em
play. You'll be delighted and amazed. And
you'll be doing a great turn for youth by
encouraging their play.

Then too a picnic is only a success if you
come home tireder than when you went.

Dogs Can Be Pests

Responsibilities

To the Editor: I most certainly am
in favor of something being done to make
dog owners realize their obligations to
their neighbors and keeping their dogs
from being a general nuisance.

I am very fond of dogs, and both my
husband and myself have had many of
them, but when a dog is allowed to run
loose and become a pest to all around,
then something should be done. The dog
owner is directly responsible for the be-
havior of his dog.

We have several dogs in this neigh-
borhood which are pests in every way,
running lawns, chasing cars, barking at
passers-by, chasing children on bicycles.

Only recently a woman stopped her
car to keep from hitting a dog which
stood directly in front of her car. The
owner's calls were of no avail and not
until my husband chased the dog away
was the woman able to drive on.

If children were allowed to become
as destructive and such pests as the dogs
their parents would have to answer in
court.

Every man or woman who loves dogs
enough to keep one should be held di-
rectly responsible for every action of
their pet and either see that it stays on
their premises and respects the neigh-
bors or be fined and the dog confined.

Rather Swim With a Dog

To the Editor: I have no dog myself,
but would like to have one if I lived in
my own home.

However, I would rather bathe in a
lake with dogs than a lot of people I
know.

Just think of all the people who have
all kinds of diseases. There aren't as
many diseased dogs as there are people.

WASHINGTON

Congress to Plug Actors'
Tax Dodging Loophole

By RAY TUCKER

WASHINGTON, June 16.—Hollywood
stars and producers may soon be forced
to forego picture-shooting sojourns over-
seas as a device for dodging heavy
American income taxes. With typical
theatrical over-acting, they have killed
the goose that laid so many million-
dollar eggs.

Their flight from Uncle Sam's
collectors and clutches is entirely
legal, according to Internal Revenue
Commissioner T. Coleman Andrews,
although Congress will eventually
plug this loophole.

But so many top actors and act-
resses, headed by Gene Kelly, Claudette
Colbert and Gary Cooper, have taken
advantage of it that box-office patrons
are shocked. The popularity of the two-
score tax evaders, now well identified,
may drop.

INDICTMENT OF TAX ESCAPISTS:
Full-dress indictments of these tax es-
capists have been delivered on House
and Senate floors. Hollywood and other
unions are refusing to provide projection
operators for films shot abroad. Certain
famous colleagues, notably Joan Blon-
dell, brand the practice as "unpatriotic,"
save when script and plot demands make
it necessary.

A further deterrent is the unfavorable
publicity given the racket by many Cali-
fornia newspapers, especially in Holly-
wood, Los Angeles, Long Beach and
Pasadena. Newspaper editorial writers
and columnists there and throughout the
country have joined the campaign
against a system that cheats the Treas-
ury, causes unemployment in the movie
industry and angers less favored tax-
payers.

What has now become known as
the "Hollywood loophole" was a 1931
amendment to the Internal Revenue
laws. It provides that an American
who works 17 out of 18 months in
foreign countries be exempt from
payment of Federal income taxes.

The amendment was designed to
implement the Point Four program for
American technical assistance to "back-
ward and undeveloped" lands, as pro-
posed by former President Truman in
his 1948 inaugural address. Congress
and the Treasury urged it as an induc-
ement to persuade engineers, skilled
workers, economists and business execu-
tives to undergo hardships in hot, re-
mote, primitive areas.

It was not intended to be a movie
"gravy train."

EXILES FOR FINANCIAL REA-
SONS: Smart Hollywood tax agents and
advisers quickly scented the application
of this proviso to their clients. Gene
Kelly is said to be the first to advertise
that an "American in Paris" need pay
no taxes to Uncle Sam, but Gary Cooper
and Claudette Colbert have become fel-
low-exiles for financial rather than the-
atrical reasons.

It is estimated that almost 50
major pictures were filmed abroad the
past year, with England, Africa
and India as the most popular lo-
cales. More than 50 of Hollywood's
top names starred in these films.
They included Kirk Douglas, Errol
Flynn, George Raft, Ava Gardner,
Lana Turner. Producers partial to
foreign operations include John Hus-
ton and Willie Wyler.

Besides the income tax benefits, there
are other advantages. Production costs
are lower, in view of the lower wages
paid to technicians, studio personnel and
other workers. With the eight major
studios having about \$10,000,000 in frozen
or blocked funds overseas, this is almost
the only way that they can recoup.

Farmer and Crow

To the Editor: 'Once upon a time
there was a farmer who heard that crows
would destroy all of his corn so he spent
all of his waking hours shooting the
crows (communists). This did not leave
him any time to put in his crops. At
the end of the season, he had killed off
quite a few crows but there apparently
were just as many as ever and because
he did not have any crop, he did not
have any money so the mortgage was
foreclosed and he lost his farm.

Then he was exceedingly bitter and
went up and down the land telling his
neighbors to beware of the crows as
they would certainly bring destruction
and advised all of the farmers to follow
his example and devote all of their time
to shooting the crows (communists).

Some of the farmers went to the
trouble of telling him that it was more
important to put in a good crop than it
was to shoot crows, even though the
birds would steal a few cobs of corn
and a few tomatoes. He would not listen
and devoted all of his time to warning
the farmers that they were crazy and
would regret their lack of attention.

The next Spring, he was found dead.
He had died of starvation.

The Worry Clinic

By DR. GEORGE W. CRANE

HARRIET W. TONER is a vivacious
grandmother who publishes a paper.

She is active in all good causes in her
community and one of the most dynamic
personalities I have ever met.

Mrs. Crane and I have been guests
at her home several times when I have
been scheduled for lectures in her city.

"Dr. Crane," she said recently, "I
used to think your column was a bit too
frank."

"In fact, I argued with Mr. E. A.
Bailey, general manager, on that point.
But he said his five children were still
in grammar and high school, so he knew
your cases fitted their needs exactly."

"HE WAS SUCH an ardent rooter for
the 'Worry Clinic' that I held my judg-
ment in abeyance."

"And now I am convinced that our
youth are critically in need of such vital
advice."

"Times have changed since I was a
girl, and I realize that the modern news-
paper is relied upon by millions of par-
ents as an aid in their child rearing and
marriage problems."

Children can avoid the mistakes of
their elders only if they are specifically
informed. Ignorance is definitely not
bliss!

"The truth shall set you free," stated
our greatest religious leader.

AND MRS. TONER is quite right in
saying that literally millions of Ameri-
can homes rely on the daily newspaper
to vaccinate their children against mis-
takes, sexual and otherwise.

This psychological vaccination is
really editorial "fascination." It de-
mands that we inject a few "facts" into
the minds of youth so they will become
immunized against making similar er-
rors later in life.

The process is just like that of small-
pox vaccination. For there we inject
some weakened smallpox virus, and thus
protect our children from death or pock-
marked faces throughout later life.

Vaccination is the greatest medical
contribution to modern physical health,

and would want everyone to remember
that "the show must go on."

Everytime we hear the roar of motors
and smell the dust of the tracks, we will
remember them. Every race will be a
memorial to them.

They will be two of the best on the

They died as they lived—racing, put-
ting on a show to give all a good time.

Their friends will mourn them and
hold their memory dear always.

Cure-all Offered

To the Editor: Pottstonians are al-
ways complaining about the housing
shortage, high food prices, crowded con-
ditions in the schools, crowded hospitals,
and so on, but they bring these things on
themselves.

Maybe they don't realize it, but the
truth is, these evils are all brought
about by early marriages.

The marriage rate among the young
and immature has always been alarming
in Pottstown, but for the past ten or
twelve years it has been truly fright-
ening.

But don't take my word for it, fellow
readers. Turn to the "society" page and
take a look at the swarms of teen-agers
rushing into wedlock with eyes closed to
reality by what is popularly known as
"love."

It is early marriage that leads to the
unreasonable number of children we see
cluttering up the local landscape—caus-
ing crowded homes, crowded schools,
crowded hospitals, crowded everything.

If people would only put off marriage
until the late 20s or early 30s, our social
problems would be fewer and there
would be more of this world's goods for
the fewer people that would be living.

The Worry Clinic

By DR. GEORGE W. CRANE

HARRIET W. TONER is a vivacious
grandmother who publishes a paper.

She is active in all good causes in her
community and one of the most dynamic
personalities I have ever met.

Mrs. Crane and I have been guests
at her home several times when I have
been scheduled for lectures in her city.

"Dr. Crane," she said recently, "I
used to think your column was a bit too
frank."

"In fact, I argued with Mr. E. A.
Bailey, general manager, on that point.
But he said his five children were still
in grammar and high school, so he knew
your cases fitted their needs exactly."

"HE WAS SUCH an ardent rooter for
the 'Worry Clinic' that I held my judg-
ment in abeyance."

"And now I am convinced that our
youth are critically in need of such vital
advice."

"Times have changed since I was a
girl, and I realize that the modern news-
paper is relied upon by millions of par-
ents as an aid in their child rearing and
marriage problems."

Children can avoid the mistakes of
their elders only if they are specifically
informed. Ignorance is definitely not
bliss!

"The truth shall set you free," stated
our greatest religious leader.

AND MRS. TONER is quite right in
saying that literally millions of Ameri-
can homes rely on the daily newspaper
to vaccinate their children against mis-
takes, sexual and otherwise.

This psychological vaccination is
really editorial "fascination." It de-
mands that we inject a few "facts" into
the minds of youth so they will become
immunized against making similar er-
rors later in life.

The process is just like that of small-
pox vaccination. For there we inject
some weakened smallpox virus, and thus
protect our children from death or pock-
marked faces throughout later life.

Vaccination is the greatest medical
contribution to modern physical health,

British Labor Party Set to Re-Nationalize

LONDON, Wednesday, June 17.—Labor party policy makers served notice today that the Socialists will re-nationalize steel and trucking if returned to power and will also take over the beet sugar industry.

Moreover, the program declared, a new Labor Government would establish a large measure of Government control over the chemical, aircraft and machine tool industries.

These planks were hammered out by the 27-member executive in a new Socialist bid to take over from Prime Minister Churchill's Conservative Government. They must be approved by a rank and file labor convention this Autumn before becoming official Labor party policy.

CHURCH TO OPEN GENERAL SYNOD SESSIONS TODAY

Seven Area Delegates
To Attend Reformed
Conferences

Four Pottstown area pastors and three laymen will be delegates to the General Synod of the Reformed church, which opens today in Tiffin, Ohio.

The clergymen are the Rev. John B. Frantz, pastor of Trinity Reformed church; the Rev. Garnet O. Adams, pastor of First Reformed, Spring City; the Rev. Alfred L. Creager, pastor of Trinity Reformed, Collegeville; and the Rev. Wilmer C. Long, pastor of Trinity Reformed, Norristown.

Lay delegates to the triennial meeting are Dr. Donald L. Helfferich, vice president of Ursinus college, Collegeville; Dr. Martin W. Witmer, professor emeritus of the same college, and Harold Steinbright, Norristown.

The seven men will represent the Philadelphia synod, which includes the Pottstown area, at the convocation.

THEY WILL BE among several hundred delegates from 34 district synods that embrace the organization of the Reformed denomination in 37 states.

This year's General Synod is the ninth such denominational convention. They are called every three years to transact Church business and determine the denomination's policies.

The Synod sessions, which begin tonight, will continue for one week ending next Wednesday.

The delegates will hold their meetings at Heidelberg college, one of 14 church-related schools sponsored by the Reformed church.

The Reverends Adams, Creager and Long were elected delegates to the General Synod at the annual Spring meeting of the Philadelphia synod, while the Rev. Frantz was designated an alternate.

He will represent Dr. William R. Shaffer, president of the Philadelphia synod, who is unable to attend. The Rev. Frantz is vice president of the area synod.

Reports to the General Synod by the local delegates include one for the commission on higher education by the Rev. reager, and another on the stewardship committee by the Rev. Frantz, who will serve as committee chairman.

THE REV. CREAGER also will be in charge of an exhibit prepared by his commission.

Dr. Witmer, who is editor of the Philadelphia Synod News, will serve as a member of the committee on Christian education. The Rev. Adams will be on the committee on minutes of the synod.

Dr. Helfferich is serving as a member of a special study committee that will recommend to the synod a plan to give more efficiency to the church administration.

The local delegates will help elect 14 area presidents and consider establishment of several new boards and commissions during the week-long sessions.

They also will hear a report from the commission on social action, which will protest against intemperate attacks upon teachers, schools, controversial books and liberal thinkers by legislators and others.

as Fred Witzel, Douglassville RD 2.

The next-door neighbors directly affected by the violation are Mr. and Mrs. Grant E. Fizz, 739 Walnut street.

ALL HOUSES in the area are required by building regulations to be eight feet apart, or four feet from the property line.

The Otis addition extends to within about five feet of the Fizz property. It is built to within about one foot of the line.

Otis told the committee on Monday night that the builder misunderstood the location of stakes he had driven into the ground outside the foundation area, making a larger foundation than was wanted.

As he was away on business when the foundation was dug, he did not detect the error before the building was well under way, Otis said.

MRS. FIZZ told The Mercury last night that she and her husband are not demanding any severe penalty for Otis, such as tearing down the building.

"We understand, though, that he will at least have to make sure the new building is not a fire hazard," she added.

She said that Otis had talked with her husband and explained that the violation was caused by a mistake.

Neighbors on the other side of the Otis home are not affected directly by the violation, as the new building is set back the correct distance on that side.

Church Brotherhood Holds Park Meeting

Grace Lutheran men's brotherhood held its first outdoor meeting of the season last night in Memorial park.

Softball and quoit-pitching kept the members occupied from 6:30 p. m. until dark, when gas lanterns were turned on for a business meeting and an outdoor picnic snack.

President I. George Shaner conducted the business meeting after the opening prayer by the pastor, the Rev. Edgar S. Brown Jr.

Curtis Borneman, committee chairman of the brotherhood-sponsored Boy Scout Troop 15, reported that arrangements have been completed to send the Scouts to Camp Delmont, near Summerville, for the week of July 19. Richard Firth is the new assistant scoutmaster of the troop.

The brotherhood will attempt 7:30 a. m. Communion at Grace church in a body on Sunday, it was announced.

Court Approves Bail For Coed Held on Baby Slaying Charge

(Continued From Page One)

AUGUSTA, Me., June 16 — A pretty Colby college coed accused of slaying her unwanted baby was bailed today in a rare exception to usual procedure in Maine murder cases.

Blond Harriet Sart, 21, of Nahant, Mass., left the county jail shortly after her council provided \$10,000 bail in cash at the office of the Superior court clerk.

Miss Sart did not appear in court during the brief proceedings and her father declined to speak with newsmen.

Most persons accused of murder in Maine have been denied bail. But Justice Randolph A. Weatherbee ruled that Miss Sart could be released in bail for appearance at the October term of Superior court.

The judge said Maine statutes permit bail in any case where circumstances justify it.

IN A PETITION asking that Miss Sart be freed, her lawyer described the girl as a "frail person" and said extended confinement would "in all probability greatly endanger her health."

The petition also said "proof of the offense with which she is charged is not evident and the presumption of guilt is not great."

Miss Sart pleaded innocent in Waterville Municipal court yesterday to a charge that she murdered her daughter, born without medical aid in her dormitory room Jan. 15.

A janitor tracing a strange odor in a dormitory basement of the Waterville college Sunday found a trunk containing Miss Sart's name and containing the infant's body.

LEONARD Hatfield, veteran member of the commission, asserted, "That lot should become a very necessary addition to Bethany center. When the new playground on the lot is completed we will have both outdoor and indoor facilities available, a recreation feature which does not exist in any other section of the borough."

"It's acquisition is all part of our planning for the future."

Charles L. Rohland said, "We surely need a play area there. There's no doubt about the need."

"Our tot lot on Sheridan street is not big enough now. The addition of this lot can end our crowding there."

LEONARD A. Hiltwine reported, "We have envisioned a wading pool for that area. In years past Pottstown had no planning for the future, but we've tried to look ahead in more recent years."

"At present we don't have the funds to do work on the tract. We've got to look ahead. In the

I. LeRoy Johnson made the opinion of the commission unanimous.

He declared, "We definitely want the lot. We've been discussing the conversion of that place for a number of years."

MEMBERS of the commission agreed the borough has not officially turned the lot over to the recreation department, but the lot was promised when council opened negotiations for the lot's purchase.

The borough purchased a second lot at Beech and Grant streets. A \$34,000 highway and water department building was constructed on this site during the past year.

Borough Manager Horace B. Gulden reported, "I'm using the lot to store water pipes for the improvement now being undertaken in the North End."

Autos to Race for Orthopedic Clinic Fund

To further the work of the orthopedic clinic, Pottstown hospital's Junior auxiliary will sponsor Saturday night stock car races at Sanatoga Speedway.

Proceeds from the races will be used for the clinic, the special project of the auxiliary.

Starting at 8 p. m., the races will feature eight events and a bonus "Destruction Derby" with a trophy as well as a purse for the winner.

Professional racers will compete. Rain date for the event is June 7.

Junior auxiliary members devote most of their activities to the orthopedic clinic, and among their contributions has

been the equipment for muscle rehabilitation.

Members also devote their own time to the clinic, and help with registering patients.

Special attention is given to the needs of youngsters, who are examined by staff specialists and given treatment when it is found needed.

Physio-therapy, braces and appliances, corrective shoe measures, muscle rehabilitation and treatment of bone deformities and injuries are among the services offered by the clinic.

Dr. George M. Wagner is orthopedic specialist for the clinic; Paul Neuschwander is physiotherapist; Charles Krug, brace specialist; Brandeis, shoe specialist.

Chairmen of the auxiliary's clinic project are Mrs. William Williams and Mrs. Albert Cole.

General chairman for the affair is Mrs. Eugene Kauler and the co-chairman is Mrs. Harry Holloway.

On the advertising end are Grace Seflinger and Mrs. Jack Case.

In charge of tickets are Helen Marie Kulp, Edith Hall, Mrs. James Scheetz, Mrs. Robert McDevitt and Marjorie Stofko.

REGISTRATION is among the tasks assumed by the Pottstown hospital Junior auxiliary for the orthopedic clinic of the hospital. From left, at right, orthopedics chairmen Mrs. William Williams and Mrs. Albert Cole jot down information about the towhead moppet in her mother's lap as a preliminary to her examination by a specialist. The clinic is the special project of the auxiliary.

CHILDREN'S examinations are among the major services offered by the orthopedic clinic at Pottstown hospital. Above, a small boy dressed up in a striped blazer, bow tie and white shoes clings to his mother as he demonstrates his walking ability to the examining specialist. If corrective measures are found necessary, he'll receive them at the clinic. The clinic is the special project of the hospital's Junior auxiliary.

Saturday evening, auxiliary members will sponsor stock car racing at Sanatoga Speedway for the clinic's benefit. Eight events, plus a bonus "derby", will be on the program for "Pottstown Hospital Night" at the races. All proceeds will be used for the clinic. Mrs. Eugene Kauler is general chairman for the event. Mrs. Harry Holloway is co-chairman.

American Legion Auxiliary Elects Mrs. Leroy Fredd as President; Mrs. Russel Hummel 1st Vice President at Its Election Meeting

Mrs. Leroy Fredd won the presidential balloting at the American Legion auxiliary's elections meeting in the post home.

Elected to the first vice presidency was Mrs. Russel Hummel; second vice president, Edith Flanagan; secretary, Mrs. Elmer Best, and treasurer, Mrs. Harry Ginther.

New chaplain is Mrs. Earl Stott; historian, Mrs. George Herbst, and sergeant at arms, Mrs. William Harp.

Mrs. Fredd and Mrs. Russell Benner were named to represent the Pottstown women at the convention in Pittsburgh July 29 through August 1.

Legion juniors presented the program for the meeting—a variety show featuring dance, music and readings.

Patty Renoll lead off with a piano solo, followed by Sandra Moses' recitation. Sandra also sang.

Sandra Hoffman, Kathleen Hoffman, Patty Miller and Jane Hart were accompanied at the piano by Shirley Keehan for a quartet arrangement.

Next on stage was Kathleen Hoffman, who recited, and her sister Sandra followed suit.

Linda Rightnour tap danced, and Melaine Hummel presented a recitation. Diane Prutzman rendered a vocal solo followed by Shirley Keehan's piano solo.

Moppets who sold the most poppies received prizes. Kathleen Krantovis won, Joan Wert placed and Sandra Hoffman showed.

Consolation awards went to Patty Miller, Linda Rightnour, Kathleen Hoffman, Melaine Hummel, Nancy Reufneider, Mary Ann Turner and Linda Yostin.

Mrs. William Hart, chairman of the junior group, invited the auxiliary to the youngster's July 18 picnic in Montgomery park.

Finance chairman Mrs. Leroy Fredd announced that a special meeting will be held June 30 in her home at 505 North Evans street.

Stitched by Mae Yergye, a laprobe was displayed by rehabilitation chairman Mrs. George Herbst, who thanked the women for contributing ditty bags and toilet articles for use in the Philadelphia Veterans hospital.

She reminded members of the picnic June 24 at Valley Forge, when patients from the Coatesville and Norristown hospitals will be entertained.

Outgoing president Mrs. Daniel Hayes announced the Legion block party would be held July 24 and asked for volunteers to assist in arranging the event.

St. Paul's Dorcas Class Closes Season With Picnic Supper at Henry Rahn Home

Combining business with pleasure was a picnic supper held to open the meeting of the Dorcas class, St. Paul's Reformed church. Mrs. Henry Rahn acted as hostess to the group.

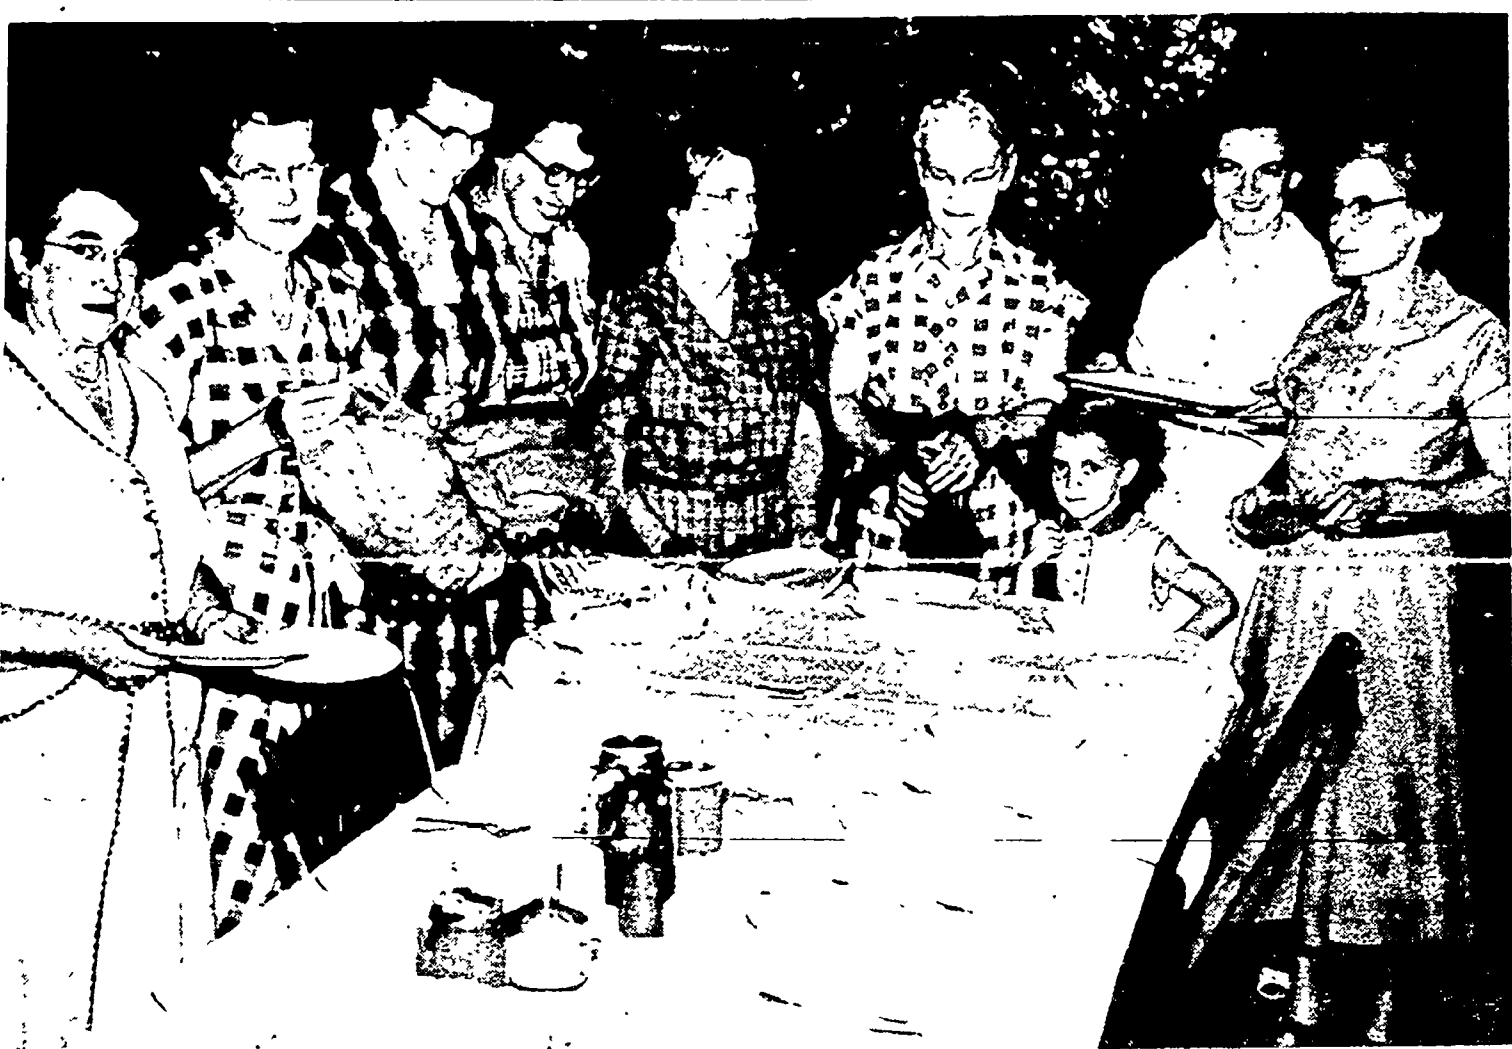

This was the last meeting for the Summer. In September, the meeting will be held at the home of Ruth Buckwalter.

Reports were heard from the various committees and officers. The sick committee reported no illnesses. Mrs. Daniel Reifsnyder and Mrs. Lamonde DeKalb were in charge of the picnic committee. All during the year, the group works to aid the church. Almost all the money raised is concentrated on the building fund for a new church.

At the meeting it was announced that a turkey supper will be held in the Fall and that the women will do needlework to be displayed at the supper.

The pig-in-the-box was won by Mrs. George Mauger. After the meeting was completed, the group settled for a social hour. Those attending the picnic meeting were: The Rev. and Mrs. William Ebbert and son, Mr. and Mrs. Henry Rahn, Mr. and Mrs. Daniel Reifsnyder and son Norman, Mr. and Mrs. Lamonde DeKalb and daughter, Faye, Mr. and Mrs. Daniel Albright, Mr. and Mrs. Isador Bauer and son, Harold, Mrs. Ruth Boughter, Mrs. George Mauger, Rebecca Mock, Mrs. Earl Webb, Helen Bauer, Barbara Christman and Ruth Buckwalter.

Each member brought his own food. Ham was the meat served and dressing up the meal were
